

“Your Business & Marcellus Shale: Building Business Connections”

**Business Development Training
June through August 2010**

Program Description:

The “Your Business & Marcellus Shale: Building Business Connections” program is a series of six twice -monthly webinars for small and medium sized local businesses and entrepreneurs, designed to help them understand and take advantage of the business opportunities arising from Marcellus Shale. Several sessions will include natural gas industry representatives, discussing what they are looking for from local business partners and how to establish such business relationships.

Sessions:

June 2, 2010

Working with Industry

Experience in the Southwest (Although the businesses featured will primarily be from Southwestern PA, their stories will be of interest to business owners throughout the Marcellus shale area).

June 16, 2010 Working with Industry

Experience in the Northern Tier (Although the businesses featured will primarily be from the Northern Tier of PA, their stories will be of interest to business owners throughout the Marcellus shale area).

July 7, 2010
